Felicitatation of our Civils and Group-I Toppers by **Sri Mallu Bhatti Vikramarka, Hon'ble Dy. Chief Minister of Telangana and **Sri Adluri Laxman Kumar**, Hon'ble Minister for SC Development, Tribal Welfare, PwD and Senior Citizens.**

HON'BLE CHIEF MINISTER MESSAGE

Since the formation of our government, education and employment have been accorded the highest priority. Accordingly, we have issued a series of notifications to fill Government vacancies and provided appointment letters to selected candidates despite numerous challenges. Our Government has also focused on providing free coaching to aspirants from underprivileged sections, particularly SC, ST, and BC communities, through various Government-run Study Circles.

I am delighted to note that the Telangana SC Study Circle (TGSCSC), Hyderabad, has achieved remarkable success by producing top rankers in prestigious examinations such as the Civil Services, IFS, and CAPF. It is particularly heartening that over 33 students of TGSCSC have been selected in the recent TGPSC Group-I examination. This achievement reflects our Government's commitment to empowering weaker sections and positioning Telangana at the forefront of human resource development. TGSCSC is playing a transformative role in helping talented aspirants realize their dreams.

I compliment Sri Adluri Laxman Kumar, Hon'ble Minister for SCDD, Tribal Welfare, Empowerment of Persons with Disabilities & Senior Citizens; Smt. Viziendira Boyi, IAS, Secretary & Commissioner, SCDD; Sri A. Narasimha Reddy, IFS, Director, TGSCSC, Hyderabad; and their team for their dedicated efforts in providing quality, result-oriented coaching to deserving aspirants.

I congratulate all the successful candidates and convey my best wishes. I am confident they will serve with commitment and contribute significantly to the development of Telangana

HON'BLE CHIEF MINISTER

HON'BLE DEPUTY CHIEF MINISTER MESSAGE

Education and employment are the cornerstones of social empowerment and inclusive development. The Government of Telangana has accorded the highest priority to creating educational opportunities and expanding employment avenues for the youth. During the last two years, the Government has successfully undertaken major recruitment drives and issued appointment orders to thousands of deserving candidates. Simultaneously, special emphasis has been placed on providing quality coaching and guidance to aspirants from underprivileged sections through various Government-run Study Circles. The Telangana SC Study Circle (TGSCSC), functioning under the Scheduled Castes Development Department, has emerged as a premier institution for nurturing talent and empowering aspirants from disadvantaged backgrounds. I am delighted to learn that more than 1,000 students of TGSCSC have secured positions in various Government services during the last two years, including prestigious selections in UPSC Civil Services, Indian Forest Service, TGPSC Group-I, and other competitive examinations. These achievements reflect the determination of the students and the dedicated efforts of the institution.

The remarkable success of TGSCSC demonstrates the transformative power of education and equal opportunity. By providing quality coaching, mentoring, and academic support, the Study Circle is enabling talented youth to realize their aspirations and contribute meaningfully to society and nation-building.

I congratulate Sri Adluri Laxman Kumar, Hon'ble Minister for SCDD and his team of senior officers for their dedicated efforts. I also extend my heartfelt congratulations to all the successful candidates and convey my best wishes for their bright future and continued success.

HON'BLE MINISTER MESSAGE

As minister for SC Development Dept., I am delighted to know that Telangana SC Study Circle (TGSCSC) Hyderabad is publishing such an inspiring compilation of success stories of the students from its free residential coaching Programs. We are proud that a Study Circle run by Govt. of Telangana for poor civils aspirants from underprivileged sections of society has produced such stellar results, which are difficult even for a private coaching centre to produce.

Established in 1980 as A.P Study Circle by the legendary IAS officer Sri S.R.Shankaran and later renamed as Telangana SC Study Circle after bifurcation of the state. Over the years it had produced more than 400 Civil Servants from humble backgrounds. In the last two years TGSCSC had regained its past glory with active support of the Govt. of Telangana. **Our Study Circle had achieved stellar results which include AIR-554, 891, 934, 949, 676, 793 in UPSC Civil Services Exam, AIR- 78 & AIR- 115 in UPSC IFS Exam-2025, AIR-17 in UPSC CAPF Exam-2024 and over 33 selections in TGPSC Group-I Exam-2024-25. The District Study Circles have also done well with over 900 selections in various Govt. jobs.** Hence TGSCSC is playing a transformative role in enabling underprivileged aspirants to convert their dreams into reality. This is in line with our Governments commitment for empowering the weaker sections of the society.

I compliment Smt. Viziendira Boyi, IAS, Secretary & Commissioner, SCDD and Sri A Narasimha Reddy, IFS Director, TGSCSC Hyderabad and their team for running the study circle in a professional way and offering quality coaching with result-oriented approach to poor civils aspirants from underprivileged sections of the society and making them as role models for others to aspire big. Further I congratulate them for bringing out this inspiring compilation of success stories of aspirants from humble background who made their way to the top positions of bureaucracy.

I express my sincere gratitude to **Sri A. Revanth Reddy, Hon'ble Chief Minister of Telangana; Sri M. Bhatti Vikramarka, Hon'ble Deputy Chief Minister of Telangana** for providing timely funds and facilities to run such coaching programmes for the unemployed youth belonging to SC, ST, BC, PwD Community so as to train them well for Competitive exams and ensure more candidates are selected into the State and Central Govt. Jobs from weaker sections. Also, I congratulate all the Rankers and convey my best wishes in their future endeavours.

JUNE 2026

HYDERABAD

(SRI ADLURI LAXMAN KUMAR)

HON'BLE MINISTER FOR SC DEVELOPMENT,
TRIBAL WELFARE, EMPOWERMENT OF PERSONS WITH
DISABILITIES, SENIOR CITIZENS & TRANSGENDERS.

MESSAGE

Government of Telangana had taken up various welfare measures for empowerment of vulnerable sections of the society. One such initiative is providing free coaching for various competitive exams through Govt. run Study Circles. Telangana SC Study Circle (TGSCSC) Hyderabad, is one such residential coaching centre run by Govt. of Telangana for poor civils aspirants from underprivileged sections of society.

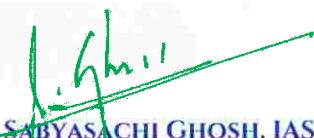

I am delighted to know that TGSCSC had produced stellar results in the last 2 years, which include AIR-554, 891, 934, 949, 676, 793 in UPSC Civil Services Exam, AIR- 78 & AIR- 115 in UPSC IFS Exam-2025, AIR-17 in UPSC CAPF Exam-2024 and over 33 selections in TGPSC Group-I Exam-2024-25. The District Study Circles have also done well with over 900 selections in various Govt. jobs. Hence TGSCSC is playing a transformative role in enabling underprivileged aspirants to convert their dreams into reality.

I compliment Smt Viziendira Boyi, IAS, Secretary & Commissioner SCDD, Sri A Narasimha Reddy, IFS, Director, TGSCSC Hyderabad and their team for running the study circle in a professional way and offering quality coaching with result-oriented approach to poor civils aspirants from underprivileged sections of the society and making them as role models for others to aspire big. Further I congratulate them for bringing out this inspiring compilation of success stories of aspirants from humble background who made their way to the top positions of bureaucracy.

I express my sincere gratitude to **Sri A Revanth Reddy, Hon'ble Chief Minister of Telangana; Sri Mallu Batti Vikramarka, Hon'ble Deputy Chief Minister of Telangana; Sri Adluri Laxman Kumar, Hon'ble Minister for SCDD, Tribal Welfare, Empowerment of PwD & Senior Citizens**, for providing timely funds and facilities to run such coaching programmes for the unemployed youth belonging to SC, ST, BC, PwD Community so as to train them well for Competitive exams and ensure more candidates are selected into the State and Central Govt. Jobs from weaker sections. Also, I congratulate all the Rankers and convey my best wishes.

(WELFARE DEPARTMENTS)

FOREWORD

I am delighted to write foreword for such an inspiring compilation of success stories of students from Telangana SC Study Circle (TGSCSC) Hyderabad, a residential coaching centre run by Govt. of Telangana for poor civils aspirants from underprivileged sections of society.

Established in 1980 as A.P. Study Circle by the legendary IAS officer Sri S.R.Shankaran and later renamed as Telangana SC Study Circle after bifurcation of the state. Over the years it had produced more than 400 Civil Servants from humble backgrounds. In the last two years TGSCSC had regained its past glory with active support of the Govt. of Telangana. Our Study Circle had achieved stellar results which include AIR-554, 891, 934, 949, 676, 793 in UPSC Civil Services Exam, AIR-78 & AIR- 115 in UPSC IFS Exam-2025, AIR-17 in UPSC CAPF Exam-2024 and over 33 selections in TGPSC Group-I Exam-2024-25. The District Study Circles have also done well with over 900 selections in various Govt. jobs. Hence TGSCSC is playing a transformative role in enabling underprivileged aspirants to convert their dreams into reality.

I compliment Sri A Narasimha Reddy, IFS, Director, TGSCSC Hyderabad and his team for running the study circle in a professional way and offering quality coaching with result-oriented approach to poor civils aspirants from underprivileged sections of the society and making them as role models for others to aspire big. Further I congratulate them for bringing out this inspiring compilation of success stories of aspirants from humble background who made their way to the top positions of bureaucracy.

I express my sincere gratitude to **Sri A Revanth Reddy, Hon'ble Chief Minister of Telangana; Sri Mallu Bhatti Vikramarka, Hon'ble Deputy Chief Minister of Telangana; Sri Adluri Laxman Kumar, Hon'ble Minister for SCDD, Tribal Welfare, Empowerment of PwD & Senior Citizens**, for providing timely funds and facilities to run such coaching programmes for the unemployed youth belonging to SC, ST, BC, PwD Community so as to train them well for Competitive exams and ensure more candidates are selected into the State and Central Govt. Jobs from weaker sections. Also, I congratulate all the Rankers and convey my best wishes.

JUNE 2026

HYDERABAD

(SMT VIZIENDIRA BOYI, IAS)
SECRETARY TO GOVT. OF TELANGANA ,
SC DEVELOPMENT DEPT./
PRESIDENT, TELANGANA SC STUDY CIRCLE

PREFACE

I am fortunate to get an opportunity to serve as Director of this prestigious institution - Telangana SC Study Circle (TGSCSC) Hyderabad, a residential coaching centre run by Govt. of Telangana for poor civils aspirants from underprivileged sections of society. It was established in 1980 as A.P Study Circle by the legendary IAS officer Sri S.R.Shankaran as its founder President and later renamed as Telangana SC Study Circle after bifurcation of the state. Over the years it had produced more than 400 Civil Servants from humble backgrounds.

The flagship program of TGSCSC – Civil Services Exam (Prelims-cum-Mains) – known as CSE (PCM) Batch is a 10 month Free residential coaching for UPSC Civil Services Exam, covering both Prelims and Mains syllabus comprehensively. This program is offered at the State Study Circle, located at Banjara Hills, Hyderabad. It is equipped with best of the infrastructure such as – Digital classrooms, Digital Library, Study Hall, Reference Library, WiFi, separate Boys & Girls Hostel, Mess etc. It also provides the right ecosystem for cracking UPSC with best faculty, mentors, Mock Tests, Mock Interviews and also facilitates peer-learning.

Since 2016, TGSCSC has expanded in phased manner and now has 12 District Study Circle branches at - Nalgonda, Warangal, Karimnagar, Mahaboobnagar, Nizamabad, Adilabad, Khammam, Rangareddy, Suryapet, Siddipet, Jagtial and Rajanna Sircilla. The main objective of the District branches is to offer Free residential coaching for State Services like Group-I, Group-II, Group-III & IV conducted by TGPSC and other recruitment exams like- Banking, RRB, SSC etc.

In the last two years TGSCSC had regained its past glory with active support of the Govt. of Telangana. Our Study Circle had achieved stellar results which include AIR-554, 891, 934, 949, 676, 793 in UPSC Civil Services Exam, AIR- 78 & AIR- 115 in UPSC IFS Exam-2025, AIR-17 in UPSC CAPF Exam-2024 and over 33 selections in TGPSC Group-I Exam-2024-25. The District Study Circles have also done well with over 900 selections in various Govt. jobs. Thus, TGSCSC is playing a transformative role in enabling underprivileged aspirants to convert their dreams into reality.

The objectives of bringing out this booklet is to create awareness on the free coaching offered by TGSCSC and act as a compilation of the success stories of our students who were successful in chasing their dreams despite their humble background. We wish, other aspirants can correlate with their journeys and take them as their role models. I would like to appreciate our students- G. Srikanth, Vinay, Ranadeep - who contributed immensely in compilation and the design of this booklet.

I take this opportunity to express my deep gratitude to **Sri A Revanth Reddy, Hon'ble Chief Minister of Telangana; Sri Mallu Bhatti Vikramarka, Hon'ble Deputy Chief Minister of Telangana; Sri Adluri Laxman Kumar, Hon'ble Minister for SCDD, Tribal Welfare, Empowerment of PwD & Senior Citizens, Sri Sabyasachi Gosh, IAS (Special CS , Welfare Dept.) and Smt. Viziendira Boyi, IAS, Secretary & Commissioner, SCDD.** for their active support and providing timely funds and facilities to run such coaching programmes for the unemployed youth belonging to SC, ST, BC, PwD Community and ensure more candidates are selected into various Govt. Jobs from weaker sections. Also, I congratulate all the Rankers and wish them all the success in their future careers.

With Best Compliments,

IAS 2024 | UPSC CSE 2023

ALL ABOUT ME

I was born into a humble lower middle-class family shaped by struggle, courage, and an unwavering faith in education. My parents' inter-caste marriage came at a social cost, as they were ostracised by both families and had to build their lives independently at a very early stage. Those difficult beginnings made our circumstances modest, but they also instilled in us the belief that education could empower and lead to a life of dignity and purpose. That belief became my guiding force, and I pursued all my education through government institutions with deep interest and commitment.

In the final year of my B.Tech, I began preparing for the Civil Services Examination. I graduated in 2021 and, in my first attempt, cleared UPSC in 2022, joining the Indian Railway Management Service. Yet my long held aspiration remained to join the Indian Administrative Service, and I appeared again, securing the IAS in 2023. The journey was not without setbacks. I had known

academic failures, including once failing B.Tech mathematics, and many moments of uncertainty.

Through every rise and fall, my family's faith in me strengthened my faith in myself. Looking back, I often feel wonder at the distance travelled. It has convinced me that discipline, perseverance, and respect for learning can take one farther than one ever imagines.

Role of Study Circle

Joining TGSC after graduation was a turning point. It gave direction to preparation, equipped me with invaluable resources, and sustained me through every phase. Inspired by those who succeeded there, the institution made me feel part of the service long before entering it.

IF YOU WANT TO SHINE LIKE A SUN, FIRST BURN LIKE A SUN: SHASHIKANTH KORRAVATH

IRS 2024 UPSC CSE 2023

ALL ABOUT ME

Born in a tribal family in Mahabubnagar district. Did higher schooling from Jawahar Navodaya Vidyalaya, which shaped my personality in a holistic way. It gave me confidence and strength to do anything. My role model my father passed away when I was 17 years old due to chronic liver disease. Life became dark suddenly and couldn't understand anything for many days. During those days I found solace in a Sai baba ashram near my college, I stayed there for one and half year and could recover and restore normalcy in life.

It was then that I've decided to do something great in life. My life then was driven by thoughts and books of Swami Vivekananda. The quote "Arise, Awake and stop not till the goal is reached" has always pushed me towards my goals. With that commitment, I have achieved my government jobs, and started preparing for civil services exam.

Preparation started on a high note with enormous enthusiasm and energy, but lacked proper guidance. There were days when I forgot lunch, I was so involved in to preparation. All the way the quotes of Abdul

Kalam, Vivekananda kept the spirit alive. Had been writing mains, giving interview in civils but success was a step short of always. But with strong dedication, commitment and efforts, I have cleared this exam 3 times. This is the outcome of our efforts, commitment and strong desire.

Finally - "As you start to walk on the way, the way appears". Jump in to action, don't think too much. If I can do it, anyone with extraordinary determination can do it.

Role of Study Circle

It provided me a great opportunity to stay in a calm & comfortable place to prepare in a good environment. The infrastructure, facilities are just amazing. A best Launchpad for talented youngsters to reach the moon (their goals). With committed team headed by dynamic leader director garu, this place will soon emerge as hub of public servants.

“

Efforts are Almighty, lines on the hand to will change for efforts.

HEART THAT BLEEDS FOR DOWNTRODDEN: GOKAMALLA ANJANEYULU

ICAS 2025 UPSC CSE 2024

ALL ABOUT ME

I born and brought up in a village where living standards are abysmally. Inadequate infrastructure, dilapidated school buildings, near absence of health care facilities and heart-wrenching poverty are the defining characteristics of the village ecosystem. Given my humble background I had to study in my village till 7th class and completed 10th class in nearby village. For nearly three years I had to travel 3km by walk everyday.

After that I secured a seat in RGUKT-IIIT in kadapa. That was the first instance to move beyond my district borders. I completed graduation in 2016 & got placed in WIPRO. But I chose to prepare to UPSC, so I didn't join it. Since then I was in preparation.

I came to study circle in 2017. I gave first attempt in 2018 & cleared Prelims also. This saga was continued till 2024 when I got selected finally. But the journey in between was so excruciating, where preparation took heavy toll

on my mental and physical health. I attended Vipassana Meditation to regain self-control and sense of clarity. So many people stood with me during my difficult times. I am always grateful to them.

Role of Study Circle

It is indeed played an important role in preparation. Firstly, it provided an ecosystem to study, nurture bonding, share preparation related strategies and source of strength during difficult times.

Secondly, Source of Stability, where we need not to think about monthly Hostel fee, Study Hall fee and curry point etc.

Thirdly, As we all know, CSE exam is Capital Intensive (especially for people with humble background). Here TGSCSC came to our rescue where it provided monthly stipend, financial support after Prelims and Mains that gave us immense strength to focus only on core preparation, rather than peripheral issues.

I always indebted to Study Circle -TGSCSC.

“

Simplicity is the ultimate sophistication.

SIMPLE, CALM AND COMPOSED: SUDHAKAR RAMTENKI

IDAS 2025 UPSC CSE 2024

ALL ABOUT ME

Raised amidst poverty, violence, and caste discrimination in the Naxal-infested Kumram Bheem Asifabad, fortunately, I was introduced to education by my hardworking parents who did odd jobs as tendu leaves pickers and daily wage labourers. I was studious among all in Sirpur-T Social Welfare Residential School and was encouraged by my mathematics teacher to join Gowlidoddi Social Welfare Residential College for IIT coaching, which landed me in IIT-Kharagpur for five years to pursue MSc Chemistry.

During college days, I was inspired by Tina Dabi ma'am (AIR 1, 2016) to prepare for UPSC CSE. I went to Delhi to join a coaching institute only to return four days later because I couldn't afford expenses. After struggling for a year in Manikeshwar Nagar (OU Basti), preparing for UPSC, a senior suggested that I appear for TG SC Study Circle entrance. That year in 2019 eased the pressure of paying rents and filling stomachs when I cleared Telangana SC Study Circle CSAT-2019.

At Study Circle, I failed three attempts and was shattered. I was on the verge of giving up during COVID-19 as parents were earning meagre incomes due to non-remunerative

agriculture. In 2022, I even attempted the Telangana Police Constable exam. However, I never lost sight of my goal. It was emotionally challenging after failing in the 2023 prelims. I couldn't tell my family about failing in the Telangana Group-1 services too. But, inspired by Ambedkar ideals, along with a consistent and redefined strategy towards Prelims, I cleared UPSC CSE 2024 with AIR-949. Now, I can say with pride that I am in the Indian Defence Accounts Service. This is not the end-the journey will continue.

Role of Study Circle

TGSCSC helped me forget that I have to struggle for basic needs, it provided me a favourable environment to focus only on my studies. Every month stipend, which was increased by Dr.R.S.Praveen Kumar IPS has given opportunity to purchase personalised study material, decent clothes and sometimes order my favourite biryani. The eclectic mix of aspirants from diverse background humbled me and enabled peer-learning. TGSCSC was truly transformational.

AIR 676 UPSC CSE 2025

ALL ABOUT ME

Hailing from Warangal district, I moved to Delhi for my graduation choosing arts background. My father has been the biggest motivation for me to opt public service as a career option. Hence, I decided to prepare for Civil Services Examination.

I couldn't clear the preliminary stage of the exam in my earlier attempts but I backed myself and re-strategised to clear all the 3 stages in 2025 UPSC results with AIR 676.

This journey has taught me that hardwork can never go wrong if coupled with consistency and dedication. The zeal to serve people and reach out to the last person in the society has been the driving force in my success.

For all the fellow aspirants, I would like to say that life is always above any exam or a profession and gives you some opportunity in any form, so always believe in yourself and grab your chances.

Role of Study Circle

Really inspired me with a healthy competition and motivated me to believe that I can also do it. Honoured to be a part of this institution and I really hope that it shall continue its legacy of producing civil servants from the most vulnerable backgrounds.

THE POWER OF PERSISTENCE: PRAVEEN DAINAMPELLY

AIR 793 UPSC CSE 2025

ALL ABOUT ME

I was raised in adversity, where life tested me early by taking away my parents. Growing up under the care of a sanitation worker, I understood the value of dignity in labour and the power of resilience. My mother's belief in education became the strongest foundation of my journey. Even when circumstances were harsh, I stayed focused on my goal of entering public service. I began my career by clearing the Telangana Group-1 examination and serving as a DSP, which gave me administrative exposure and confidence.

However, the dream of cracking the UPSC remained alive. Balancing a demanding job with preparation was not easy, but discipline and consistency kept me moving forward. Failures and setbacks taught me more than success ever could—they refined my strategy and strengthened my resolve.

Securing AIR 793 in UPSC was not just an achievement, but a transformation—from struggle to service. My journey reflects that background does not define destiny; perseverance does.

Role of Study Circle

TGSC Played a Significant role in my life. My life significantly changed after joining study circle. Whatever I am today is all because of TGSC. Environment, Seniors, Faculty all shaped my perspective and improved my understanding.

SERVICE OVER SELF: DAHAGAMA SHASHANK

Indian Forest Service UPSC IFOS 2025

ALL ABOUT ME

After having an intercaste marriage in 1985, my parents chose to dedicate themselves to public welfare. In their private capacity, they stood beside Anganwadi workers, ASHA workers, Singareni and NTPC contract employees in their fight for wages, rights, and dignity. My mother also helped local household workers form an association and drafted its bylaws, enabling them to collectively assert their rights. Their courage, empathy, and resilience became the foundation of my values.

During my Integrated Dual Degree Program at JNTU, I once dreamed of pursuing higher studies abroad, having scored in the 99th percentile in GRE, GMAT, and TOEFL. However, when the father of my college roommate died by suicide over a debt of merely three lakh rupees, it deeply changed my perspective on life. I decided to stay in India and work toward improving the lives of socioeconomically marginalized communities, especially farmers.

Thereafter, I worked with the startup Cheruvu to provide soil testing-based nutrient management advice

to thousands of farmers, helping improve their productivity and incomes while simultaneously preparing for Civil Services. After dedicating myself exclusively to UPSC preparation from 2024 onward, I secured AIR 78 in the UPSC Indian Forest Service Examination, 2025. Coming from Godavarikhani, an industrialized and polluted town in Telangana, I have always felt deeply drawn toward nature and aspire to work at the intersection of environmental sustainability and farmer welfare.

Role of Study Circle

Joining the study circle in 2025 brought discipline, confidence, and an incredible support system into my life. The guidance, inspiring company, and amazing friends I found there played a huge role in helping me clear the Indian Forest Service this year. I will always remain deeply grateful.

NOTHING BUT PERSEVERENCE: GANJI SRIKANTH

Indian Forest Service UPSC IFOS 2025

ALL ABOUT ME

Born in Nalgonda district and raised in Hyderabad, my journey began with a simple yet determined decision- to pursue the UPSC right after graduation. I moved to Delhi for a year of coaching, carrying with me both hope and uncertainty. When I returned to Hyderabad, the journey became more personal, more intense. Choosing Mathematics as my optional demanded discipline and resilience, but it also shaped my thinking and perseverance. Over time, what started as an ambition gradually became a defining part of my identity.

This path has not been easy. I have written five UPSC CSE Mains examinations, facing setbacks, self-doubt, and moments of exhaustion. Yet, I kept moving forward. Reaching the interview stage twice (2024 and 2026) was not just a milestone-it was a reminder that persistence does bear fruit. Writing the IFS Mains and reaching the interview stage in my very first attempt added another layer of confidence, reinforcing my belief that every struggle was meaningful and every effort was taking me closer to my goal.

Through all these years, my parents have been my greatest strength. In moments when I questioned myself, they never did. Their unwavering faith, silent sacrifices, and constant encouragement became the foundation on which I stood every single day. They did not just support my preparation-they carried it with me. Whatever I have achieved so far is as much theirs as it is mine, and it is their belief that continues to guide me forward.

Role of Study Circle

I came to know about the study circle in 2023. After joining, my life became easier not just financially but also psychologically. I was able to strategize my preparation better with the support of seniors and rankers. Its excellent facilities, peer learning, and financial support created a highly conducive environment for preparation. I owe a major chunk of my success to the study circle.

Assistant Director, MoYAS

ALL ABOUT ME

I was born into a family where education is regarded as the primary means of social mobility. With this perspective, I have consistently strived for academic excellence since childhood. I completed my higher education at the Indian Institute of Technology, Kharagpur, earning a B.Tech (Honours) and an M.Tech degree. Throughout my academic journey, I was supported by scholarships.

During my college years, I supplemented my expenses by tutoring Class XII students. I also co-founded a startup during this period and later worked with a few other startups after graduation to repay my educational loan.

I began my UPSC preparation in 2020 and made my first attempt in 2021. I narrowly missed clearing the prelims in both 2021 and 2022 by a margin of one question each time. Subsequently, I appeared for the Mains examination three times and the Personality Test twice.

Based on my performance in the UPSC 2023 interview, I have been selected as an Assistant Director.

Role of Study Circle

Study circle helped me find a way to achieve my goal and it taught me how to be perseve and chase my goals. It sparks a fire in me to achieve something more doing great for society.

RISE THROUGH ODDS: BANAVATH VANAJA

Deputy collector TG GROUP 1 2024

ALL ABOUT ME

I come from Lingapur, a remote village in Mancherial district, where I completed my schooling at ZPHS. Growing up in a rural environment taught me resilience, simplicity, and the true value of education.

Due to certain circumstances, I couldn't pursue my graduation in a regular mode. Instead of giving up, I chose the open learning path and completed my degree, followed by post-graduation from Osmania University. This journey reflects my determination to continue despite challenges.

I learned about the study circle through my brother, who explained how it empowers students from underprivileged backgrounds to achieve academic goals. With the right guidance and support, I gained clarity, confidence, and consistency. This experience strengthened my ambition to succeed and serve society with integrity.

Role of Study Circle

The study circle gave me direction, discipline, and a competitive environment. It improved my consistency and confidence. The guidance and peer support played a key role in my success, and I'm truly grateful for it.

Deputy Collector TG Group 1 2024

ALL ABOUT ME

I hail from the remote village of Dacharam and come from a poor family with an agricultural background, where my parents are farmers. I am the only candidate from my village to have completed a professional degree and also pursued post-graduation. Becoming a government employee was a moment of great happiness in our village. In 2024, I was selected through Group-IV and appointed in the Intermediate Education Department. Later, I was selected as a Deputy Collector in the Group-I 2025 batch. I also appeared for the UPSC Civil Services Mains Examination.

All this was possible because my father understood the value of education and admitted us to school in Siddipet. Though I studied in Telugu medium until Class 10, the constant motivation, sacrifices, and encouragement of my family gave me the confidence to prepare for competitive examinations and dream bigger.

Although I secured a campus placement, I chose the path of public service and eventually became a Deputy Collector. Above all, my family and the TGSC Study Circle played a crucial role in shaping my journey and contributing to my success.

Role of Study Circle

Despite my poor financial condition, TGSC Study Circle became the foundation of my success through awareness, support, accommodation, and senior guidance, playing a key role in my achievement. Director Sir's consistent encouragement proved pivotal to my success.

DREAM FALL RISE SERVE: ELLANDULA RAKESH

Deputy Collector TG Group 1 2024

ALL ABOUT ME

I hail from a small agricultural family with meagre means of livelihood, where every day was a lesson in resilience. The struggles around me and the social realities I witnessed quietly planted a dream—to become an IAS officer and serve those who needed it most.

I studied in a government school until my 10th standard, growing up with limited resources but unlimited determination. During my graduation, something changed. In my second year, the dream that once lay dormant awakened with clarity, pushing me toward UPSC preparation.

From 2019, I began my journey with full commitment. The path, however, was far from easy. Year after year, from 2019 to 2024, I faced continuous failures. Each setback tested my patience, strength, and belief. Yet, through it all, I never doubted my capabilities or my purpose.

While the world measured results, I measured growth. I kept going. Finally, perseverance bore fruit. I secured a position as a Deputy Collector in Telangana through the State Public Service Commission. But my journey doesn't end here. The same dream still burns within me. I rise again—this time, stronger—continuing my pursuit to become an IAS officer.

Role of Study Circle

With the help of my college mate, I came to know about this prestigious study circle in 2021. It provided me with everything I needed—financial support that ensured I did not burden my parents with monthly expenses, a structured classroom program, quality resource material, guidance in answer writing, and a supportive peer group. Most importantly, it showed me a clear and proper path towards achieving my goal of becoming a Deputy Collector. I sincerely thank the entire study circle administration and especially Director sir for giving me an opportunity to prove myself.

ALWAYS CHALLENGE YOURSELF: KISHAN PATEL

Deputy Superintendent of Police TG Group 1 2024

ALL ABOUT ME

I am Kishan, I hail from Warangal, where I have completed all of my education. I realised that I want to become a civil servant during my intermediate itself. So I put my efforts in that direction in my graduation but could not pursue it during that time.

After graduation I left for Hyderabad to undergo civils coaching where I came to TGSC study circle. During which I joined as Deputy Jailor and later I have resigned from that job because I was not satisfied there.

I have always said to my self that you are what you think you are. Keeping that as a guiding principle I worked towards my goal of becoming a civil servant.

Role of Study Circle

Study circle has been a guiding light in my preparation for civils and groups exams. I have provided me with all necessary support whether it be good friends, mentors, seniors and a very conducive study environment. All my success can be single handedly be attributed to TGSC study circle without which all of this would not be possible.

PERSISTENT DESPITE FAILURE: DONGARI PRATHIBHA

Deputy Superintendent of Police TG Group 1 2024

ALL ABOUT ME

My journey began with a simple dream but limited resources.

To support myself I worked as a lecturer in chemistry for a year, earning every rupee with the hope of one day preparing seriously for UPSC. That Turing point came when I found TSSC study circle- A place that didn't just offer free coaching, but gave hope to those who couldn't afford expensive guidance elsewhere.

At this study circle, I found more than books and classes. I found peer group that shared struggles similar to mine. Together we learned not just subjects, but patience, resilience and consistency.

The UPSC journey tested me repeatedly. I faced failure five time at the very first stage. Each attempt was a reminder of how tough the path was. But going back home empty handed was never an option for me. Instead of giving up I kept moving forward with the same determination, the same discipline and believe that persistence would eventually pay off.

That belief led me to appear for Group 1. This time things changed. My efforts aligned, my preparation matured, and I secured rank of 165.

Today I stand as Dy. Superintendent of police not just as an individual achievement, but as result of collective support, guidance and perseverance.

Looking back, I realised that if had a given up at any point in my UPSC journey, I would not be hear today.

Role of Study Circle

TSSC study circle played a crucial role in shaping not just my preparation but my mindset. It taught me that success is not immediate- it is built over with consistency and faith. This is not the end mt journey. It is just a milestone there are many more miles to go, many more goals to achieve and many more responsibilities to fulfil. I carry forward the lessons, the struggles and strength that this journey has given me.

COMMITTED TO SERVE THE NEEDY ,THE POOR AND VULNERABLE PEOPLE THE NATION:

SAPAVATH DASHARATH

Deputy superintendent of police TG Group 1 2024

ALL ABOUT ME

“My Journey – From Struggle to Service”

My journey has been a path of relentless ups and downs, marked by failures, hopeless nights, and emotionally exhausting days. I faced repeated setbacks, failing in almost four consecutive Civil Services Preliminary examinations. There were moments when everything felt uncertain and overwhelming. I left my home for years, distanced myself from friends, and fought a silent, lonely battle. It was a phase where self-doubt was constant, yet somewhere within, the desire to continue never faded.

Financial struggles added another layer of difficulty. With limited resources and constant pressure, continuing preparation became even harder. Still, I chose discipline over comfort. I reduced distractions, disconnected from unnecessary communication, and even stayed away from my mobile phone for months to maintain focus. That period tested not just my knowledge, but my patience, resilience, and mental strength. Every day was a challenge, but I kept moving forward with determination.

Gradually, things began to change. Clearing TGPSC Group 1, Group 3, and SSC examinations restored my confidence and gave me hope. Qualifying the first stage of the UPSC CAPF Assistant Commandant examination felt like a light in the darkness. Finally, being selected as a Deputy Superintendent of Police

brought immense happiness and a deep sense of purpose. It gave me the opportunity to serve society, especially the poor and the needy. This journey taught me that persistence, sacrifice, and belief can transform even the darkest phases into meaningful success.

This journey taught me one thing:

No matter how long the night is, the sunrise will come—if you don’t stop walking towards it.

Role of Study Circle

Words won’t be sufficient to describe this noble institution; I am deeply indebted to it. It is the place where I grew from an aspirant into an officer. It supported me not only when I was hungry, but also by providing more than just accommodation it gave me a disciplined and studious environment that shaped my mindset and character. Here, I found not just shelter, but strength. The atmosphere encouraged focus, resilience, and continuous growth. Every corner of this institution holds memories of hard work, determination, and transformation. It stood by me during my toughest phases and gave me the foundation I needed to move forward. Most importantly, it gave me friends who became my support system. Together, we shared our pain, struggles, and successes. Those bonds made the journey meaningful and less lonely. This institution will always remain a defining part of my life, and I will carry its values with me forever.

Deputy Superintendent of Police TG Group 1

ALL ABOUT ME

I am Maheshwari from Karimnagar. I have always believed in dreaming big, even while coming from a humble background where such dreams often seem distant. Many did not believe in my aspirations when I first spoke about them, but my parents—though not formally educated and working as labourers—stood by me with unwavering faith and support. Their belief became my strength, motivating me to pursue my goals with determination and resilience.

Today, I am serving as a DSP, where I am continuously learning physical and mental fitness, which are essential to maintain peace and harmony in society. However, I do not stop here. I have always believed in dreams, and I will continue to pursue mine—to become an IAS officer and serve at a greater level.

Role of Study Circle

My journey in the study circle has been truly transformative. It stood by me during my toughest phases, providing not just resources but the moral strength and discipline needed to keep going. With the guidance of dedicated faculty and the support of like-minded peers, I rebuilt my focus, resilience, and clarity of purpose. I continue to pursue my goal with unwavering determination, with a clear vision to give back to the study circle by contributing to its success and inspiring future aspirants.

Deputy Superintendent of Police TG Group 1 2024

ALL ABOUT ME

Coming from an agricultural background, I was raised in a family that strongly believed in the transformative power of education. From my childhood, my parents constantly motivated me to focus on studies and work hard towards building a better future. My father firmly believed that education is the most important tool that can change the course of one's life, and this belief became the foundation of my journey.

I studied in a Government school till my 10th class, which helped me understand the realities and challenges faced by students from rural and modest backgrounds. Later, I secured admission into Rajiv Gandhi University of Knowledge Technologies (IIIT Basara), which became a turning point in my academic journey. I completed my graduation in Electrical and Electronics Engineering (EEE), where I developed discipline, analytical thinking, and perseverance.

Since childhood, I have always aspired to become a public servant and contribute meaningfully to society. With this dream, I began preparing for the Union Public

Service Commission Civil Services Examination. However, the journey was not easy, as my family faced financial difficulties during the preparation phase. At a crucial stage, I got the opportunity to join Telangana SC Study Circle, which provided me with guidance, support, and a motivating environment to continue pursuing my goal with renewed determination.

Role of Study Circle

Telangana SC Study Circle gave me a strong foundation for UPSC preparation, which later helped me significantly in clearing the Group-1 examination as well. At a time when financial difficulties were affecting my preparation, the Study Circle provided me with the right guidance, support, and learning environment.

The basics were taught very clearly in an exam-oriented manner, which helped me strengthen my conceptual understanding of core subjects. The disciplined environment, mentorship, and regular practice greatly improved my preparation strategy, answer-writing skills, and confidence for competitive examinations.

Assistant Commissioner State Taxes TG Group 1 2024

ALL ABOUT ME

I come from a rural agricultural background where life was never easy. My parents decided to give me an education and never allowed me to join them in agricultural work and became my strongest pillars of support.

I studied in Telangana Social Welfare Residential Schools from 5th to 12th Standard . When continuing education felt uncertain NGO NAADAM supported my university education.

Driven by scarcity and a deep sense of responsibility, I chose to pursue civil service, However, the journey was far from smooth. I faced repeated failures. With each attempt, the pressure from family and society increased. At the same time, my parents' health began to deteriorate, and there were moments when I felt completely helpless.

Joining the Telangana Study Circle (TGSCSC) marked a turning point. It provided a sense of direction to my

preparation. More importantly, it gave me the confidence to persist despite setbacks.

Today, I stand as the first person from my village to become an officer and one of the first-generation learners in my family. Thankful to my parents, every institution and individual who supported me along the way.

Role of Study Circle

I joined TGSCSC Banjara Hills in 2022, The study circle provided a highly conducive environment for learning through discussions, peer learning, and continuous evaluation after every test. I never skipped regular tests, even when the results were discouraging. I still remember scoring just 8 marks in my first test. Within two years, I cleared the prelims and reached the interview stage in 2024. The institution offered me mentorship, one-to-one guidance for mains answer writing and personality test. Coming from a background with limited exposure, I carried a constant sense of self-doubt and fear. The study circle helped me confront these barriers through various programs, interactions with peers , juniors and continuous encouragement. It helped me to become a stronger version of myself. Without TGSCSC, I would not have come this far. It also given me a family, i found friends for life here. Im deeply grateful to my parents for their unwavering support, my friends—for standing by me, and TGSCSC for believing in me. A special thanks to Director ,Narsimha Sir, for guidance and encouragement in this journey.

HARD WORKING AND PATIENT: SHRAVAN BOOTLA

Municipal Commissioner TG Group 1 2024

ALL ABOUT ME

I am Shravan Bootla from Karimnagar, and I recently secured Rank 84 in the TGPSC Group 1 examination, earning selection as a Municipal Commissioner. I come from a below poverty line family. My father works at a petrol bunk, and my mother, who once worked as a ladies tailor, is now a homemaker.

Despite financial hardships and not owning a house, my parents dedicated their lives and savings to the education of me and my sister. I studied in Telugu medium until 7th class before shifting to English medium. After my 10th class, my maternal uncle, Satish Kumar, brought me to Hyderabad and supported me like a parent throughout my journey.

Inspired by the dream of civil services, I completed my graduation from Nizam College in 2018 and later went to Delhi for UPSC preparation. I wrote UPSC mains twice and continued despite repeated setbacks. In 2023, I joined the TGSC Study Circle, which greatly helped my preparation.

The year 2024 was the toughest phase of my life — my mother was diagnosed with breast cancer, my father

had to leave his job to care for her, and my sister was struggling with health issues. Along with family responsibilities and financial pressure, I prepared for UPSC mains and TGPSC mains.

Fortunately, I cleared TGPSC Group 1 with 490 marks and secured Rank 84. This journey of seven years, filled with struggles, failures, doubts, and hope, shaped me into a stronger person. I sincerely thank my parents, uncle, friends, and mentors who stood by me throughout this journey.

Role of Study Circle

In 2023, I joined the TGSC study circle at Hyderabad. The institute helped me very much in my UPSC and TGPSC exam preparation. The continuous tests helped me to clear UPSC prelims in 2024. And during my preparation for TGPSC Group 1 mains, there was a continuous marathon mains test series conducted at TGSC study circle everyday for 3 hours. This helped me to finish the papers on time. I owe immense gratitude towards TGSC study circle, my friends there and most importantly the Director (Narsimha Sir) for improving my preparation levels.

BURNING INNER URGE: PATHLAVATH RAJESH

Municipal Commissioner TG Group 1 2024

ALL ABOUT ME

My name is Pathlavath Rajesh. I come from a small village, where I studied in government schools. Every day, I walked nearly 3 kilometers to school, often barefoot, on roads filled with stones and mud. During the rainy season, I had to cross a lake without a bridge, facing water, thorns, and even snakes. Despite these hardships, I never lost my interest in studies. I also helped my parents in agriculture during holidays. My first dream was simple—to become a class leader—and that small success built my confidence. With continuous effort and guidance from my teachers, I became the school topper in 10th class, realizing that hard work can truly change life.

After 10th, I joined a junior college and stayed in a hostel where facilities were not good. Food quality was poor, and living conditions were difficult. Still, I stayed focused and once again became a topper in Intermediate. To manage my expenses, I worked part-time as a catering boy, daily wage laborer, and even in a company. These experiences taught me the value of money and the dignity of labor. Later, during my B.Tech, I faced new challenges—my English was

weak, and I lacked confidence compared to others. Due to financial problems, I worked as a delivery boy, carrying heavy loads daily.

At one point, I felt tired and questioned my life. But I decided to change my mindset and aim for something bigger—preparing for the IAS. The journey was tough, and I faced failures, but I never gave up. Today, I am proud to say that I have cleared four government jobs, proving that determination and hard work can overcome any obstacle.

Role of Study Circle

Without the study circle, this journey wouldn't have been possible. Its strong environment—good infrastructure, regular classes, exams, and like-minded peers—helped me think bigger and aim higher. I entered the competitive world with small goals, but the study circle shaped my UPSC journey, and its support continues even today.

STEADFAST IN STRUGGLE: KOYYADA UDAY KUMAR

Municipal Commissioner TG Group 1 2024

ALL ABOUT ME

I come from a humble lower middle-class family shaped by struggle, courage, and a deep belief in the power of education. My parents' inter-caste marriage came with significant social challenges, as they were ostracised by both families and had to build their lives independently at a young age. Despite these hardships, they remained resilient and instilled in us the value of dignity through education, which became the foundation of my journey.

I completed my Polytechnic from a Government Polytechnic, followed by a B.Tech in Electrical and Electronics Engineering from Vignana Bharathi Institute of Technology, and an MBA in Human Resource Management from Nizam College. I began my civil services preparation in 2019 at Telangana State SC Study Circle and continued consistently until 2024. My preparation was significantly affected during the COVID-19 pandemic, and I faced four unsuccessful attempts, each one testing my patience and resolve. However, I used every setback as a learning experience and continued with determination.

During this challenging phase, my family's support became my greatest strength. My younger brother (Prudhwi) took up private work to support the family financially, which allowed

me to continue my preparation without interruption. In 2024, I joined Singareni Collieries Company Limited as a Personnel Officer, gaining valuable administrative experience. Inspired by my brother's (Pranay) success in clearing the Civil Services Examination and becoming an IAS officer in 2023, I remained focused on my goal. With perseverance and consistent effort, I cleared Group 1 Services through the Telangana Public Service Commission and am now serving as a Municipal Commissioner. My journey reflects resilience, family support, and an unwavering commitment to public service.

Role of Study Circle

Telangana State SC Study Circle has been like a mother in my life, shaping my thinking and purpose. Before joining, I lacked direction, but it gave me knowledge, discipline, and a sense of brotherhood and social responsibility. It played a crucial role in our journey, helping my brother become an IAS officer and me a Municipal Commissioner.

SERVICE WITH SOUL: GALI RAHUL

Assistant Treasury Officer TG Group 1 2024

ALL ABOUT ME

My father used to travel— 400 km every day between Warangal and Hyderabad — just to keep our family afloat. He worked at a petrol bunk, stood nights as a watchman, and later served as an attender. Years later, I walked into the same university as a graduate where he once guarded the gates. Those moments didn't break me; they quietly rooted resilience and purpose within me.

I began my preparation in 2019, and failure became a frequent companion — nearly 25 exams slipped through my hands. One cut the deepest: after performing well in a Group-4 exam, I realised I had bubbled my hall ticket wrongly on the OMR sheet. It shattered me. Yet, within two years, I rose to secure four government jobs. That's when I understood — A lot of things goes wrong before everything goes right; setbacks often arrive disguised as stepping stones.

The 10-year-old Rahul who once ran away from a hostel at midnight would never believe this ending — becoming a Group-1 officer in 2025. This journey is stitched with my parents' sacrifices, my brother Uday's strength, my sister Mary Alpha's faith and the unwavering guidance of Narsimha Reddy garu. I also thank my Paternal Uncle Vinod Kumar for introducing me to Telangana SC Study Circle

Role of Study Circle

Joining the Study Circle is one of the best decisions of my life — a pole star that guided a once-perplexed aspirant toward purpose. It is my second home, it doubled my confidence, tripled my preparation, and above all, gifted me brotherhood.

"TRUST WITH DESTINY"

ANUSHA YADURI

Assistant Treasury Officer TG Group 1 2024

ALL ABOUT ME

As a first-generation learner from a joint family, every achievement in my life has been possible because of the vision and sacrifices of my father, Sri Yaduri Madhava Rao. He is my guiding force, who faced numerous social and economic challenges with courage and resilience. Despite every storm, he stood firm like a rock and inspired me to pursue my dreams.

Whatever success I have achieved today, and my future aspirations of clearing Group-I and UPSC Civil Services, are a reflection of his hard work, discipline, determination, and unwavering faith in me.

Role of Study Circle

The Telangana State SC Study Circle played a pivotal role in shaping my preparation journey. It provided a disciplined learning environment, structured guidance, and valuable mentorship from faculty, seniors, and fellow aspirants. The regular tests and evaluations significantly improved my answer-writing skills and confidence. I remain deeply grateful to the institution for its contribution to my growth and success.

BE STRONG AND SELF DISCIPLINED: BANOTH GANGULY

Assistant Treasury Officer TG Group 1 2024

ALL ABOUT ME

I was born into a poor family in a small hamlet village where transportation facilities were limited and basic infrastructure was inadequate. I completed my schooling in a Government school and later pursued my Intermediate and Degree education in Tribal Residential Colleges at Gandhari and Kamareddy respectively.

My aspiration to become a civil servant took shape during my Intermediate education, and since then, I have continuously pursued my dream of becoming an IAS officer with determination and dedication.

Struggles came early in my life. I lost my father at a young age, and my family faced severe financial difficulties, which made continuing my preparation extremely challenging. However, I never lost hope or self-belief. With perseverance, hard work, and the support of well-wishers, I continued my journey and ultimately earned this success.

Role of Study Circle

It has provided standard preparation environment , healthy competition , and regular assessment on my progress through periodical exams.

“

Driven by grit, defined by service

MUDAVATH HANUMANTHU

Assistant Excise Superintendent TG Group 1 2024

ALL ABOUT ME

I hail from a remote, underdeveloped area of Nalgonda district in Telangana, where basic infrastructure like transport and connectivity remains limited. Despite these challenges, I pursued my education with determination and completed B.E. in Electrical Engineering from Osmania University . Coming from a modest agricultural family, I have faced financial and social constraints, yet remained committed to academic excellence and public service.

My journey reflects resilience, self-discipline, and a strong desire of public service . With the support of institutions like TS Study Circle, I have strengthened my preparation for competitive examinations. I am deeply grateful to the Study Circle for its crucial support in my success in Group 1. Special thanks to TG Study circle Director Narasimha Reddy Sir for his valuable guidance and encouragement throughout my preparation.

Role of Study Circle

TS Study Circle plays a pivotal role in UPSC and Telangana Group 1 preparation by delivering structured coaching, expert mentorship, and quality study resources. It empowers aspirants from remote, underdeveloped, and economically disadvantaged backgrounds to overcome infrastructural barriers, make informed career choices, and successfully compete for prestigious civil services.

DYNAMIC. BOLD. FIGHTER: M SUMEDHA

Assistant Excise Superintendent TG Group 1 2024

ALL ABOUT ME

My parents, Keshav and Sudha, who worked as domestic helpers and factory sanitation workers, joined me in an English medium school even when they couldn't afford it. From being wall-chaired for not paying fees to having a chair of my own as Assistant Excise Superintendent, is a fulfilling journey.

But the journey wasn't smooth. Suffering silently under the weight of gender and caste, I often felt inferior. After my graduation in CBIT, I wanted to pursue MS in the USA. But I left that choice and an offer from Cognizant. I made a choice to gain knowledge and feel less inferior. I thought UPSC was one way to assert myself in a world where respect succeeds status.

Initially, I struggled to study for long hours. Thanks to the TG SC Study Circle, the group study with seniors has pushed me to study even for 10-12 hours a day. Despite two years of preparation, my scores remained low, hovering around 50-60. COVID-19 arrived as a blessing, I studied for 12-14 hours a day improving scores to more than 100. This led to my success in clearing the prelims in 2020. However, I faced challenges in preparing for the mains. After failing the 2021 prelims, I managed to clear prelims in all subsequent attempts until

2025, but only reached the interview stage in 2023, narrowly missing my rank by 8 marks.

I believe that learning is never lost. An opportunity came knocking in through the Pratibha Setu portal. I was selected as Assistant Director/District Youth Officer in MY Bharat, MOYAS in 2025. Reinforcing my belief, without much preparation, I was also merited as Assistant Excise Superintendent in the Telangana Excise Department, Group 1 Services in the same year. Inferiority has broken. This is not the end-the journey continues.

Role of Study Circle

I thought caste didn't matter—TGSCSC made me aware and unapologetically myself. Under empathetic directorship, dedicated faculty and mess that made our stomach full, journey was transformational. Newspapers, books, and magazines built my reading habit. From stage fear to leading events, from underweight to becoming healthy—I've grown, inside and out.

MINDS MY OWN BUSINESS: DWIKUNTLA VENKATESH

Assistant Audit Officer TG Group 1 2024

ALL ABOUT ME

My father began working in a restaurant at seven years old. Years later, he built a modest street-side tiffin center with my mother — built on sweat, not fortune. Watching those calloused hands shaped my entire motivation: give him an early retirement while he still has the energy to enjoy it. That single thought pulled me through every dark morning.

I packed my bags quietly and reached Delhi — introverted, under-researched, and carrying a mammoth goal. My first Prelims fell during Covid. I didn't clear. I came back home in silence. What followed were perhaps my most defining years — two Mains, one Interview, zero festivals, zero social media, zero compromises. Group 1 came as a natural offshoot of that relentless UPSC grind.

In all that solitude, one or two goal-oriented friends will make all the difference. Everyone needs a go-to place — not a physical destination, but a feeling you can return to

instantly when motivation abandons you. Every person carries a story worth telling. Every struggle quietly becomes someone else's strength. Write yours with honesty, fight it with everything — and make it worth remembering.

Role of Study Circle

When I had selfishly stretched my family's resources to their limit, my friend Praveen Dainampally stepped in with timely advice — he personally toured me through Study Circle and showed me how to get in. Even after my interview, I sat an entrance test to earn my place there.

What I found inside changed everything. Free food, a bed, library, computer lab — every resource a serious aspirant needs, all at zero cost and remarkable quality. My Group 1 success has Study Circle as one of its main pillars.

The equation is simple — bring your determination, Study Circle brings everything else. Success belongs to both.

FROM STRUGGLE TO SERVICE: JANGAM JYOTHI SHIRISHA

Assistant Audit Officer TG Group 1 2024

ALL ABOUT ME

I was a small girl from a quiet village, where the soil knew my parents' sweat better than words ever could. Born to farmers, I learned early that life does not always bloom in comfort. With A. P. J. Abdul Kalam's dreams somewhere in my heart, I walked through days shadowed by poverty and nights burdened with the silent ache of sickle cell anemia. Hospitals, hardships, and helplessness became familiar companions, yet somewhere within, a fragile hope kept whispering rise.

There were days I broke, and nights I questioned why life chose me for such battles. Financial struggles tightened around us, and my health tried to dim my spirit, but my will refused to surrender. Every tear became a lesson, every pain a quiet strength. When I found the study circle, it felt like a door opening after years of darkness. Books became my refuge, knowledge my weapon, and persistence my path forward. As B. R. Ambedkar said, "Cultivation of mind should be the ultimate aim of human existence."

Today, I stand not as the girl who struggled, but as the woman who conquered earning five government jobs, and finally rising as a Group 1 officer, rewriting my story with courage.

My journey echoes his words: "Dream, dream, dream. Dreams transform into thoughts and thoughts result in action." And I am living proof that even the most fragile beginnings can lead to the strongest victories.

Role of Study Circle

From a life shadowed by poverty and the silent battles of sickle cell anemia, I once stood at a place where dreams felt distant and doors remained closed. Then came the study circle not just as an institution, but as a turning point, like the quiet enlightenment of Gautama Buddha beneath the Bodhi tree. Here, I found more than books and test series; I found a path, a purpose. Study halls became my temples of hope, classes became guiding lights, and the presence of determined minds around me turned inspiration into action. The ideology of B. R. Ambedkar shaped my vision, the values of S. R. Sankaran strengthened my resolve, and the support of friends became my silent strength. This place became my second home, where Ambedkar Jayanthi felt like a vibrant jathara of dreams and dignity. Today, as I stand a Group 1 officer, I know this without the study circle, my story might have been lost in silence; with it, my life found its voice, its meaning, and its victory.

BE TRUE TO YOURSELF: M ANAND KUMAR

Assistant Audit Officer TG Group 1 2024

ALL ABOUT ME

I am the first generation educated person from my family. I completed my Schooling from JNV, Nizamsagar, later I took Pharmacy in graduation and cleared both GPAT and NIPER and placed in a MNC. With the aspiration to become an IAS officer and to serve the people, I resigned from my Job as a Senior Research Scientist with 6 digit salary per month. In the meantime I was married and had 2 kids. I appeared for Telangana State SC study circle entrance and got admission for the year 2018-19. I faced pressure from every side—society, peers, family, and most of all, the pressure to prove myself to myself. Those expectations turned every setback into anxiety and disappointment. Each failure felt heavy, and at times it led me into depression.

Though I could not clear the UPSC Prelims in any of my attempts, my journey was not one of failure. With the blessings of God and support of my family and friends, I successfully cleared all Group exams (1, 2, 3, and 4),

along with Drug Inspector and Polytechnic Lecturer examinations

Life taught me that success does not always come in the form we first imagine. Sometimes, our victories arrive through different doors, proving that persistence is never wasted.

Role of Study Circle

Dr. B.R. Ambedkar and TGSCSC remain deeply emotional cornerstones of my heart. I cherish the honor of attending classes by luminaries like Seenaiah Sir, Rizwan Sir, and Neeraj Nachketa, interacting with UPSC rankers and bureaucrats. The Study Circle was my residential haven—its caring staff, library, digital rooms, invaluable materials, and lifelong friends fueled my journey with the 4Ps: Planning, Patience, Perseverance, and Practice, which ultimately made me a Group-I officer.

PERSEVERE.WORK.ACHIEVE:

BHARGAV MYAKA

Assistant Commissioner of Labour TG Group 1 2024

ALL ABOUT ME

There are villages in this country where dreams are considered a luxury. Himatnagar, a small farming hamlet in Karimnagar district, was one such place. I was born there — the son of a man who tills the earth with his hands, and a mother whose quiet strength held our family together through every storm.

I never had the comfort of certainty growing up. What I had was a father who took a crop loan so his son wouldn't miss a seat at NIT Warangal. Let that sink in — a farmer mortgaged his harvest so his child could walk through the doors of one of India's finest institutions. That single act of sacrifice became the compass I have carried ever since.

My path was never straight. Government school until Class VII. A residential school that gave me free education after my mathematics teacher saw something in me that I hadn't yet seen in myself. The highest score in SSC. A free seat for Intermediate. But even with fees waived, simply existing as a student — food, books, bus fare — was a daily negotiation my family quietly fought on my behalf.

NIT Warangal changed my horizon. But two years in Pune's private sector only deepened a question I could not silence: What am I actually here for? The answer led me back — back to Hyderabad, back to my roots, and forward into the most demanding chapter of my life. I resigned from my corporate job and stepped onto the path of civil service with nothing but conviction.

The journey was long and unsparing. I completed my Master's from the University of Hyderabad. I cleared the UPSC Civil Services Preliminary Examination multiple times and became one of the first candidates from the TSPSC Study Circle after a gap of years to reach UPSC Personality Test. The final list stayed out of reach — not once, but again and again. Each rejection carved deeper patience into me. Each failure added a layer of resolve that no success could have built.

When perseverance found its moment, it arrived with grace: All India Rank 2 in the ICAR Administrative Officer Examination — a Group A Central Service — and then Rank 122 in Telangana Group-I, leading to my selection as Assistant Commissioner of Labour.

From a village with no reliable road to an office where I now help protect the rights of workers — I carry Himatnagar with me in everything I do.

Role of Study Circle

The TGSC Study Circle was not merely a coaching institution — it was the ecosystem that made continuation possible when everything else felt uncertain. It provided structured classroom guidance, answer writing practice, monthly financial support that ensured I could focus on preparation rather than on survival, and a peer community that refused to let anyone give up alone. I am not just grateful to the Study Circle — I am, in many ways, a product of it.

STANDING THE STORM: SHREYANTH VALUSA

MPDO TG GROUP 1 2024

ALL ABOUT ME

I am Shreyanth, hailing from Warangal, raised in a family that deeply values education. From a young age, I understood its power to transform lives. I completed my schooling at St. Peters, Hanamkonda, and went on to graduate in engineering from KITS Warangal.

I briefly worked as a software engineer in an MNC in Bengaluru, but I always felt a stronger calling toward public service—especially in promoting education at the grassroots level in Telangana and rural India. Driven by this purpose, I left my job to prepare for UPSC. Despite a few hurdles along the way, I was able to secure a position in the Telangana Group 1 Services in 2024, and I am currently serving as a Mandal Parishad Development Officer—something I had always aspired to.

My journey wouldn't have been possible without the constant support of my partner, parents, and friends. I believe maintaining a healthy work-life balance is

essential, and I stay connected with friends through activities like badminton and watching movies. These moments help me unwind and stay grounded. While I'm grateful to have achieved this dream, I know there is miles to go before i sleep.

Role of Study Circle

Joining Telangana Study Circle was transformative. Supportive leadership, excellent facilities, and a rigorous PYQ-based curriculum strengthened my preparation. Most impactful was the peer group—collaborative, disciplined, and motivating—helping refine answers, build confidence, and sustain resilience throughout the journey.

“

DON'T BE RUDE TO YOURSELF—BE RUTHLESSLY DISCIPLINED AND HONEST IN YOUR CIVIL SERVICES PREPARATION:

VISHNU GUDELLI

MPDO TG group 1 2024

ALL ABOUT ME

I was born into a poor family and completed my education in government schools in the Telugu medium. Due to financial constraints, I took up various jobs at a young age—working as an agricultural labourer, a catering assistant, and even giving home tuitions—to support myself.

Transitioning to an English-medium competitive environment was a major challenge. Coming from a Telugu-medium background, I had to struggle hard to adapt, learn, and compete. There were moments of doubt, but I remained determined and focused on my goal.

After years of persistence and effort, I achieved my first milestone as a School Assistant. Continuing my journey with the same dedication, I cleared Group 1 and have now been selected as an MPDO.

Role of Study Circle

The Study Circle played a crucial role in my journey. It provided me with quality coaching, well-structured study material, and, most importantly, a disciplined environment for preparation. One of its greatest strengths was the 24-hour library, which gave me the freedom to study at any time and stay consistent in my efforts.

Equally important was the peer group I found there. Being surrounded by like-minded aspirants kept me motivated, helped me stay focused, and created a healthy competitive atmosphere. We learned from each other, supported one another during difficult phases, and grew together. Looking back, I can say with conviction that without the support of the Study Circle, my preparation would not have reached this level. It was not just a place to study—it was a space that shaped my discipline, strengthened my determination, and played a vital role in my success.

S. R. SANKARAN IAS

PEOPLE'S IAS OFFICER

LIFE OF INSPIRATION

S. R. Sankaran, popularly known as the "People's IAS Officer," was a 1956 batch IAS officer of the Andhra Pradesh cadre who dedicated his life to social justice.

Influenced by Gandhian and Ambedkarite ideals, he worked tirelessly for marginalized communities, including Scheduled Castes, Scheduled Tribes, and bonded labourers. Known for his simplicity and integrity, he treated administration as a means of social transformation rather than mere governance.

He made significant contributions in land reforms, tribal rights, and labour welfare. Sankaran played a key role in implementing land ceiling laws and protecting tribal land in Scheduled Areas.

Notably, he ensured effective execution of the Bonded Labour System (Abolition) Act, 1976 by identifying, freeing, and rehabilitating bonded labourers, making Andhra Pradesh a leading state in this domain. He also expanded social welfare hostels, scholarships, and residential education systems for disadvantaged groups.

His most impactful legacy lies in establishing & strengthening government-run study circles. By providing free coaching, stipends, and hostel facilities, he democratized access to civil services preparation.

"The true measure of administration is how it transforms the lives of the most vulnerable"

- S. R. SANKARAN

B. R. AMBEDKAR

ARCHITECT OF INDIAN CONSTITUTION

LIFE OF INSPIRATION

Dr. B. R. Ambedkar, popularly known as the "Father of the Indian Constitution," was a visionary leader, social reformer, economist, and jurist who dedicated his life to the upliftment of marginalized communities. Born into a socially disadvantaged background, he faced severe discrimination but overcame all barriers through education and determination.

Influenced by ideals of equality, justice, and liberty, Ambedkar strongly opposed caste-based discrimination and worked tirelessly for the rights of Scheduled Castes and other oppressed groups. He emphasized education, organization, and agitation as tools for social transformation.

As the Chairman of the Drafting Committee of the Indian Constitution, he ensured the inclusion of fundamental rights, abolition of untouchability, and safeguards for minorities. His contributions laid the foundation for a democratic and inclusive India.

Ambedkar also worked on labour welfare, women's rights, and economic reforms. He advocated for industrialization and state-led development to reduce inequality.

His legacy continues through institutions, policies, and movements that promote social justice and equality. He remains a symbol of empowerment, inspiring generations to fight against injustice and strive for dignity and rights.

“

Cultivation of mind should be the ultimate aim of human existence.

— DR. B. R. AMBEDKAR
